ROSE TEA PARTY

TUESDAY AFTERNOON CLUB WELCOMES NEW MEMBERS WITH FLOWER FESTIVAL

It would be hard to imagine the auditorium of the Masonic Temple in more beautiful array than it was Wednesday afternoon when 105 new members were welcomed to the Tuesday Afternoon Club with a Rose Tea. There were roses everywhere, in the vestibule where the Hostess Committee, headed by Mrs. C. E. Norton, who planned the affair, received the guests, crimson roses loosely piled in lovely disorder on a tray, and when the entrance doors were passed there were sight and scent of hundreds of more roses and the finest that the southland produces. Of course they centered the beautifully appointed tables where tea and punch were served and filled great jars on smaller tables. They formed garlands for window ledges and bright splashes of color on somber screens. The colors were repeated in the rainbow tinting of the shaded lights and in the sway-

AMERICANIZATION

ITS PRACTICAL APPLICATION BROUGHT HOME TO D. A. R. MEMBERS

About thirty-five ladies enjoyed the hospitality of Mrs. J. H. Braly and the program provided for the meeting of the General Richard Gridley Chapter of the Daughters of the American Revolution, of which she is regent, and which met at her home Thursday afternoon.

Mrs. Julia M. Powell of Brooklyn, New York, who has adopted California and is now making her home in Los Angeles, was the speaker of the afternoon, her theme being "Americanization" in a broad sense.

A preliminary business session was held at which officers for the ensuing year were elected as follows:

Regent, Mrs. J. H. Braly,

Vice-Regent, Mrs. C. N. Houston,

Secretary, Mrs. Mabel Franklin Ocker,

Treasurer, Mrs. S. C. Leppelman,

Chaplain, Mrs. Gertrude Follansbee,

Historian, Miss Ida Myers,

Registrar, Mrs. M. S. Patterson.

Mrs. Powell's talk, which frequently became eloquent, enforced the need to do away with the hyphenated citizen,—the Irish-American, the Italian-American and all the rest, and the urge to Americanize the native born as well as the imported dweller in our midst. She reviewed our history and the principles for which the Revolutionary War was fought, declaring it to be the Mission of the D. A. R. to reanimate those principles, for there is no telling to what great things such an influence might lead. She recalled that it was the inspiring words of Silas Dean and Benjamin Franklin when they visited the French Court which fell upon the ears of Lafayette, a mere boy of eighteen, and caused him to cross the seas, make his way to the Camp of Washington and cast in his lot with the struggling Americans. It was the principles vindicated in the triumph of that revolution carried down through four generations, which took our Commanding General to the tomb of Lafayette in grateful acknowledgment of an indebtedness he had come to pay, she declared.

"We must begin," she said, "at home, even with the thousands of Mexicans in this valley, ignorant, not understanding American ideas. We must befriend them, organize them into units, make bright, cheerful places for them and make of them good American citizens, otherwise Bolshevism and anarchism will claim them."

She made a plea for an Americanization which would restore the "King's English," which has so far declined that a proposition has been made to employ electric signs to point out most common and flagrant errors such as "I done it." In that connection she expressed some caustic criticism of the American voice. "Why not cultivate," she inquired, "a rich, strong educated American voice? Why be known by our nasal qualities?"

"But above and beyond all else," she averred, "have we the soul of our country in our hands to be moulded, —a legacy from our forefathers? Shall we lift it as a chalice to high heaven or let it fall by its own inanimation into purgatory?"

A GREAT MEETING

VETERANS OF WORLD WAR GET DOWN TO BUSINESS BASIS

Pershing Command, League of American Defenders, held its regular meeting last night in Elks' Social Hall. There were between 50 and 60 present and 10 new members were added. After the business of the order was all transacted, a fine banquet was enjoyed.

In the business session, a committee was appointed to procure a suitable flag for the Command and another to confer with the members of the G. A. R. Post regarding a joint service on Decoration Day. A baseball club was organized with J. M. Phillipi as captain, and Howard McGillis as manager. The members of the club will meet next Monday afternoon for practice and they will then challenge the new Elks' ball club. It was unanimously decreed that the three members of the late local exemption board, F. D. Lanterman, F. G. Muhleman and Mattison B. Jones, be cordially invited to join the order as honorary members. Several matters of patriotic importance were discussed and it was determined to do everything possible to combat the elements that are trying to undermine the country and the constitution. It is the intention to invite a Pasadena captain connected with a similar order to address some future meeting of Pershing Command on the question of affiliating with some national organization of World War Veterans.

AUTO ACCIDENT

This morning about 7:30 o'clock Earl Albertson, who drives the truck of the Bentley-Schoeneman Lumber Company, met with a queer accident. He was driving north on Brand boulevard near Acacia when he heard a noise back of the car which made him think something might have fallen from his load. He turned his head quickly leaning out of the car to look back. Just then the car struck the curb and he was thrown out. While uncontrolled the truck thrust forward toward the porch of the Scovern Company Undertaking Parlors and damaged somewhat the wall and one pillar. The truck frame was thrown out of true to some extent and sustained some minor damage. Mr. Albertson was unhurt.

MAY DAY LUNCHEON

Mrs. Charles Temple of 145 North Orange street entertained Wednesday with a May-Day luncheon at which covers were laid for eight old friends, viz., Mrs. H. C. Wright, Mrs. J. E. Morrell of Redondo, Mrs. W. E. Babb of Long Beach, Mrs. Christianson of Los Angeles, Miss Virginia Edwards of New York, Mrs. Parish of Los Angeles, Mrs. R. J. Morrell and the hostess. May baskets filled with spring flowers marked each place, and all the table appointments were beautiful. Following the luncheon the ladies spent a social afternoon reviewing old times.

Thursday afternoon Mrs. Temple poured at a tea given by Mrs. Parish in honor of Miss Edwards.

SPRING FESTIVAL

A REAL CARNIVAL OF THE SCHOOLS AND FOR SCHOOLS BY P.-T. A. FEDERATION

The Glendale Federation of P.-T. A. will hold a benefit Friday afternoon, May 16th, at the home of Mrs. Ella Richardson, at the corner of Central avenue and Riverdale Drive.

This is a community affair. Everyone is invited to come to have a good time to help the Federation with its work and to become better acquainted.

The gates will open at half-past three o'clock, the program continuing into the evening until eleven o'clock.

There will be many attractions: A flower show, pet show and baby show, with prizes. There will also be singing by the Girls' Glee Club of the Intermediate School, dancing by Mrs. Keller's pupils, High School Orchestra numbers, and the Drama Class of Glendale High School will present two plays for the evening program.

Aprons, caps and miscellaneous articles, cakes, fruits, salads and many other foods will be on sale.

For information telephone any P.-T. A. President, Mrs. H. V. Henry, Gl. 2236-J, or Mrs. John Robert White, Gl. 2106.

WEATHER FORECAST: Fair except cloudy or foggy tonight and in the early morning near the coast.

TEN DAY LIMIT FOR GERMANS

ALL DISCUSSIONS OF PEACE TREATY MUST BE IN WRITING—ALLIES CAN EXTEND DISCUSSIONS

(Special Service to Glendale Evening News)

Paris, May 2.—It was authoritatively learned here that the Germans will be given a maximum of ten days after presentation of the peace treaty for its final acceptance or rejection. It will probably be presented Monday or Tuesday, and all the discussion between the Allies and the Germans will be in writing. The Allies will have the right to delay the discussions after the ten-day limit if they desire to do so, but the Germans will not have that privilege and must have their final decision ready within the time allotted, including action by the assembly at Weimar. The conference will meet the German representatives just twice—once to present the treaty and again to sign it.

Signor Jung of Italy participated in the conference this morning of the German-Allied economic commissions at Versailles. It is the first time the Italian representatives have attended any peace meeting since Premier Orlando left Paris. Italian representatives are circulating reports that their delegation will not return to Paris unless specifically invited to do so. Authoritative sources indicated there is considerable doubt as to whether they will be invited.

A Berlin dispatch which arrived by courier quotes Minister Giesbert, member of the German peace delegation, as saying that the Saar Valley, Danzig and Upper Silesia present the most difficult problems from the German viewpoint, and that indemnities are far less important.

MAY DAY RIOTS AND PLOTS

ATTRIBUTED TO MACHINATIONS OF 25,000 "RED MISSIONARIES" EN ROUTE FOR U. S.

(Special Service to Glendale Evening News)

New York, May 2.—Government agents have gathered information indicating that 25,000 "red missionaries" are now working their way towards the United States, attempting to incite radical outbreaks. They are blamed for yesterday's riots and bomb plot.

Brownsville, Pa., May 2.—A bomb exploded beenath the office of Burgess Charles H. Storey, wrecking it and badly damaging the building. Eight prisoners in the city jail were buried in the debris. They were rescued and none was found to be injured. The police believe the bomb was part of the radical May Day celebration.

Los Angeles, May 2.—Postal authorities have ordered every heavy package in the local post office individually checked as a precaution against bombs. At the City Hall orders were given to open no heavy package without first notifying the police. Washington advices state that more bombs are headed for the coast.

MAYOR WOODMAN CASE NOW BEFORE JURY

THAT A VERDICT WOULD BE REACHED TODAY WAS EXPECTED BY ATTORNEYS AND ONLOOKERS

(Special Service to Glendale Evening News)

Los Angeles, May 2.—The possibility that Mayor Woodman would know the jury's verdict in his trial for bribery by tonight was seen by attorneys and observers when the court convened today.

The last evidence was introduced late yesterday afternoon and Assistant District Attorney W. C. Doren made the opening argument for the prosecution. Attorney Le Compt Davis for the defense opened the oratory this morning, and District Attorney Woolwine will follow him. It is expected the case will be submitted to the jury immediately following the opening of the afternoon session.

MAY NEUTRALIZE MEXICAN PORT

CARRANZA DECLARES OIL LEGISLATION THE MOST IMPORTANT QUESTION BEFORE MEXICAN CONGRESS

(Special Service to Glendale Evening News)

Mexico City, May 2.—Carranza, in addressing the Mexican congress, declared oil legislation to be the most important question now before that body. He declared his desire for legislation which would treat all interests exactly alike. Unconfirmed reports have been circulated here that foreign warships had arrived off Tampico with the intention of neutralizing the port.

TO STABILIZE LABOR CONDITIONS

ACTION TAKEN BY PEACE CONFERENCE WILL HAVE THAT EFFECT, DECLARES PRESIDENT WILSON

(Special Service to Glendale Evening News)

Washington, May 2.—Secretary Tumulty is in receipt of a cablegram from President Wilson in which he declares that the articles adopted by the Paris conference in regard to labor are "one of the most important achievements of the new day in which the interests of labor are to be systematically and intelligently saufeguarded and promoted," and also declares that "no other single thing which has been done will help more to stabilize the condition of labor throughout the world and ultimately relieve unhappy conditions which in too many places have prevailed."

TRUSTEES MEETING

CITY ATTORNEY GIVEN POWER TO ACT IN TELEPHONE TOLL CASE

Board of Trustees of the City of Glendale assembled at 8 o'clock p. m. Thursday, May 1st. All members present. Minutes of the last meeting were read and approved.

An application was presented from the Los Angeles and Santa Paula Daily Express for a permit to operate motor trucks over the streets of the City of Glendale. On motion of Trustee Shaw a hearing in this case was set for 8 o'clock p. m., May 15, 1919, in the council chamber of the City of Glendale.

Mr. Baird representing the American-LaFrance Fire Engine Company appeared before the Board and spoke in reference to contract awarded to his company by the City for the purchase of a fire engine, payment for which had not yet been made. Mr. Baird read the report of the Board of Underwriters upon the test of the engine recently made, which report stated that the same was entirely satisfactory, but recommended that some changes be made in certain valves in connection with the same. Mr. Baird stated that owing to certain conditions it had been impossible as yet to secure the valves referred to but that they would be furnished as soon as possible and suggested that the amount due on the contract be paid, the City retaining sufficient of the said amount to cover the cost of the valves; the amount retained to be paid to the LaFrance Company when the valves are installed. Trustee Henry made a motion which was seconded by Trustee Woodberry that the engine be accepted and paid for in accordance with the terms of the contract. After certain explanations had been made by Mr. Baird as above mentioned, a motion of Trustee Shaw was adopted to reconsider Trustee Henry's motion. Trustee Woodberry then offered an amendment to the original motion to the effect that the sum of $150.00 be retained by the City to cover the cost of the valves. The motion as amended was adopted.

A communication was read from Blanche L. Daigh of the Smart Shop on Brand boulevard claiming that the latter had been furnished with the wrong street number by the City, and asking that she be reimbursed for the expense of securing new stationery and so forth made necessary by a correction of her business address. On motion this was referred to the City Attorney.

An application was presented from J. L. Maginnis for permit to install a gasoline service pump with tank in front of 521 South Brand boulevard. On motion of Trustee Woodberry the request was granted.

A report was presented from the Health Officer furnished by the State Bureau of Sanitary Engineering giving the details and results of certain tests showing the bacteriological condition of the water in Verdugo Canyon. The tests indicated slight contamination in one or two samples.

Reports were presented from the City Recorder, Tax Collector and Building Inspector. Report of the Tax Collector showed the collections since the report presented two weeks ago amounting to $15,676.52, making the total to date of $82,067.38. Report of the City Recorder was to the effect that collections for he month of April through his department amounted to $227.00. Report of the Building Inspector showed 17 permits issued at a valuation of over $17,000.00.

The time having expired on April 28, 1919, for protests to be filed

(Continued on Page 2)

RECEPTION TO NEW MEMBERS

About one hundred and seventy-five loyal Presbyterians came out Thursday evening to participate in the reception to welcome fifty-nine new members which was held at the First Presbyterian Church of Glendale. No regular program was provided. It was just a social, get acquainted evening in charge of the division from H to K, of which Prof. Harry Howe is chairman. Delicious refreshments, which included salad, sandwiches, cake, coffee and chocolate, were served.

VISIT SANTA BARBARA

Mr. and Mrs. Fredric A. Clarke and son Wallace of 351 Oak street spent the week-end in Santa Barbara where they attended the final games of the Ojai Valley Tennis Club held at the Belvidere Hotel. Mr. and Mrs. Clarke also had the pleasure of chaperoning their niece Miss Maxine Vick of Santa Barbara, to the High School Track Team dance held in the auditorium of the High School.

COMMUNITY SING

CHORUS DOES FINE WORK AND HEARS STIRRING ADDRESS BY LIEUT. CARTER

With renewed enthusiasm on the part of the singers and the director, the Community Sing chorus assembled at the High School Thursday, after an interval of a fortnight. Not all whose faces have become familiar in that unique assemblage were present. Their absence was easily explained by the many May Day affairs set for the same evening, but it was unfortunate because there will be but one more rehearsal before the contest with the Hollywood chorus, which comes off May 13 at Hollywood. Also, the audience was late in arriving, which is a pity when the time for drill is so short.

The evening opened with the singing of America, which was followed by "Juanita" and "Massa's in de Cold, Cold Ground.' There was an interruption in which strong pleas to support the Victory Loan were made by Lieutenant Carter, a survivor of the "Canadian Pioneers;' by Alexander Mitchell, president of the Community Sing, and by Mr. Kirchoffer.

Blake Franklin announced that the director is going east and will be absent throughout June, during which the chorus will not be able to meet, or at least not to have the leadership of Mr. Kirchoffer. He suggested that members be making up their minds whether the organization should suspend during the summer, or continue after Mr. Kirchoffer's return, and also urged the necessity of meeting financial obligations and paying pledges.

After the intermission the chorus learned a beautiful new peace song, entitled "Glad to Be at Home Once More," composed by Wallace E. Moody, head of the War Camp Community Service, the words of which are:

They're coming back with honor and glory,
The whole world is sounding their praise;
They're coming back with a wonderful story
Of wonderful nights and days;
They're coming back the pride of the Nation—
Let all the joy bells ring!
But with all their gladness there's a tinge
Of sadness. This is the song they sing:

CHORUS:

We've been fighting over yonder,
Fighting for the land we love,
With the Starry Banner o'er us,
Floating in the sky above.
Some we had to leave behind us,
Sleeping on a foreign shore;
But, dear friends, you'll surely find us
Glad to be at home once more.

We're coming back with pride in the Nation
That stood by us sturdy and strong.
We're coming back—a brief separation—
The work didn't take us long.
We're coming back, the flag flying o'er us:
Let all the joy bells ring!
But with all the gladness there's a tinge
Of sadness. This is the song we sing:

Mr. Kirchoffer is very optimistic about Glendale's chance to win at the Hollywood contest. He highly

FAREWELL TO ITALY

ROBERT ROWLEY WRITES OF PICTURESQUE GENOA, TURIN AND MILAN

Genoa, Italy,
April 4, 1919.

Dear Folks:—

I thought that I had written my last letter from Italy, but today is so different that I must tell you about it.

To begin with it is Sunday and a beautiful warm day, such as we have in our springs at home.

I am at the "Y" building, formerly used by the British as their convalescent hospital at the Lido. The building is situated on a hill about two hundred yards from the water. It has a large enclosed space where the reading and writing and tea room is located. In front is a large piazza where you can sit and watch the little and big sail boats go past. Every now and then a large steamer will leave the harbor of Genoa and it seems to float over the horizon on air for the sea is so still and blue.

To the right you can see the shore

GLENDALE, CALIFORNIA, FRIDAY, MAY 2, 1919

TRUSTEES' MEETING

(Continued from Page One)

against the assessment for the opening and widening of Eighth street and of Adams street, the Clerk reported that no protests had been received in the case of Eighth street but that in the case of the opening and widening of Adams street a protest had been filed by A. Lucas Smith & Cynthia L. Smith, who object to the alleged inequality of the assessment. On motion of Trustee Jackson it was ordered that hearing be set for protests against the assessment for the opening and widening of Adams street at 8 o'clock p. m., May 8, 1919.

On motion of Trustee Shaw it was ordered that the assessment for the opening and widening of Eighth street from the west line of Verdugo Road to the east line of Glendale avenue, Ordinances Nos. 294 and 297, be confirmed.

On motion of Trustee Shaw it was ordered that the sum of $1,947.43 be transferred from the Sycamore Canyon opening and widening fund to the general service fund to reimburse the latter fund for expenditures on account of the opening and widening proceedings.

On motion of Trustee Shaw it was ordered that the sum of $613.94 be transferred to the general service fund from the general budget fund.

It was further ordered on motion of Trustee Shaw that for the purpose of reimbursing the general budget fund on account of the transfer to general service fund there be transferred from general service fund to the general budget fund the sum of $150.00.

The City Attorney reported having attended the hearing before the Railroad Commission of the application by the Pacific Electric Railroad Company for permission to increase rates and that the hearing had been adjourned indefinitely; the City Attorneys of the various municipalities affected had made a request that they be given at least 90 days in which to investigate the matter and prepare their cases. It had been stated by the Railroad Commission that that body intended to have several special hearings in places affected by the application. The City Attorney stated that the application for an increase does not affect interurban rates; that it proposes to establish a two and one-half mile zone around the Los Angeles center of operation within which a 5c fare will apply and beyond, an 8c fare; the local fares as now existing will if the application is granted be increased from 5c to 7c. The railroad company presented statistics showing that 12½ per cent. of its receipts is from local fares. Glendale is very slightly concerned in the matter but such places as Pasadena, Long Beach and Santa Monica have a very direct and rather important interest in the case.

In reference to increased telephone rates the City Attorney reported that upon hearing of the proposed increase he had endeavored to get into communication with Mr. Mason, the manager of the telephone company, but had been unsuccessful. He had been unable to see a copy of the order from the Postmaster General authorizing the increase but had wired the Director General at Washington concerning the order and had received a reply to the effect that such an order had been made under date of April 25, 1919. He had discussed the matter with Trustees Shaw and Muhleman and had decided that no action be taken before Monday next in the matter of the increase of rates by the government when the telephone and telegraph service comes up before the United States Supreme Court. On motion of Trustee Shaw, seconded by Trustee Jackson, the City Attorney was instructed to bring such action as in his judgment appears advisable to prevent the collection by the Telephone Company of the increased rates.

The City Manager had prepared a resolution changing the grade of a portion of Verdugo Road, which was presented and on motion of Trustee Shaw adopted as a Resolution No. 1075.

An Ordinance amending Ordinance No. 201 was taken up for third reading but action deferred.

COLORADO P.-T. A.

Being May Day, the children of the Colorado Boulevard School have been busy as bees, gathering flowers, of which the Cecil Brunner rose was profusely displayed, in decorating the sixth grade room for the regular P.-T. A. meeting, which was held Thursday afternoon.

A splendid group of mothers and a few fathers enjoyed the talks given by Rev. Charles H. Scott and Richardson D. White, who so graciously and so broad-mindedly talked about the proposed Civic Center and Memorial Park to the boys who have shown themselves to be such true and noble patriots.

Miss Catherine Delgardo opened and closed the program with piano selections. Miss Bernice Hahn gave a vocal solo, accompanied by Miss Henerette Summers and Lucille Thompson gave a violin solo, accompanied by her sister, Miss Avis Thompson. Both were greatly enjoyed.

Richardson D. White also gave a few words "boosting" for the Victory Liberty Loan, in which we all are greatly interested. Mrs. Kinzy's and Mrs. Oliver's reports from the convention were most interesting. California has the largest P.-T. A. membership in the U. S. Glendale comes right to the front in all her P.-T. A. work; she now has the honor of having Mrs. Minnette Sherman as financial secretary of the First District.

At the close a social half hour was spent chatting over cups of tea.

Babies are to be baptized preceding the morning service next Sunday at the First Presbyterian Church of Glendale.

Here's the way we look at it

Just for a minute, look at the tire proposition from our standpoint.

We are in the tire business here, to stay. We can remain in business only so long as we please our customers.

Consequently, it pays us to handle good tires—United States Tires

They're the tires we sell.

They're the tires you should use.

We have them to meet every need of price or use.

United States Tires are Good Tires

ROSE TEA PARTY

(Continued from Page 1)

ing lanterns overhead and the charming confusion of the many hued streamers of "serpentine" in which the lanterns were seemingly enmeshed.

To Mrs. E. W. Kinney, assisted by Mrs. C. E. Norton, Mrs. Blake Franklin and her nephew Booth Franklin (who generously tendered his services) the credit was given for the beauty of the tea room decorations.

An informal program of music provided delightful and altogether sufficient entertainment for the three hundred or more guests who, it was plain to see, thoroughly enjoyed themselves.

The High School orchestra under the leadership of Mrs. Dora Gibson played "Under the Starry Banner," "The Soldiers' Chorus" from Faust, and "The Spirit of America"—a medley of popular airs. They (the players) escaped before the president could call the club to order to register a vote of thanks but Mrs. Gibson was commissioned to convey it to them.

Then there were some charming numbers by Mrs. Frank Arnold who sang "In the Time of Roses," "Little Pink Rose in My Garden," and Mrs. L. N. Hagood's pretty lullaby, "The Sandman."

Ladies presently began to gather around the tea tables where Mesdames W. L. Andrews, Mabel Rudy, A. W. Tower, Bert Woodard and R. A. Puffer poured. No less popular were the tables over which Mesdames H. P. Goodwin, W. C. Evans and R. K. Boyer, presided, where punch was dispensed.

Every effort was made to bring into friendly comradeship the old members and the new ones for whom cards bearing their names with a fragrant Cecil Brunner rose attached had been provided, so that when thus decorated they would also be tagged with their names and thus be introduced to all chance neighbors. It was a charming affair and will probably bear fruit in many more new members.

TO WHOM IT MAY CONCERN

Wright & Ecklebarger, doing a grocery business at 108 East Broadway, have contracted to sell their stock and business to Paul J. Kluger and invoice will be taken and said stock and business transferred within seven days from date of first publication of this notice.

FAREWELL TO ITALY

(Continued from Page One)

line of France where it curves out to sea and shows faintly through a slight haze.

To the left is just ocean and the place where the mountains meet it abruptly.

The Lido in front is where the people from Genoa come out for a stroll along the big broad walk at the edge of the sea wall.

The Oberlin Octette is singing inside, where I am writing, and everyone is sitting around mostly just looking happy for this is our last day in Italy and I guess that is the most wonderful part about it.

We are all ready to walk down to the ship and sail. Our barracks bags are on board (I have two full of souvenirs) and we only have to knock down tents and parade to the boat (we are the last troops in Italy).

A bunch of my friends got their discharge over here and left last night with a Red Cross motorized operating unit, for Russia. They signed up for six months, but I had enough of foreigners for a while or maybe I would have gone with them.

I came down on the last truck from the front and as there were only seven of us we made a two-day trip of it over the Bobbio road, stopping over night at a good hotel where we put on a small party and didn't get up till nearly ten and then coming on through the mountains, in back of Genoa. The drive is said to be the prettiest in Italy and I have only seen one, in the Alps, that could even compare with it. It was especially pretty or rather beautiful as it is spring here now and everything looked so green and fresh.

The mountains are artificial or at least the sides have all been worked over. There is hardly a slope too steep for the natives to work and they are terraced from top to bottom and the houses and villages are so quaint and surprising in their general build and the places that they occupy.

I wouldn't have missed the trip for anything although we had nearly three and one-half tons on a two-ton truck and it was mountainous for over 80 miles.

I had only returned from my trip to Torino (Turin), when we started down here so that I have seen too much to do any of it justice in a letter.

We went 704 kilometers (Italian chilometers) and had a chance to see some of Italy's flat farms. We only encountered a little rolling country and it was the most prosperous part of Italy that I have seen. Torino was the object needed to cap our trip through the prosperous farms for it was the most wide-awake and modern city that I have seen over here. Torino is the seat of Italy's big manufacturing concerns, especially automobiles. The town is situated on the banks of the Po and was a very enjoyable surprise for I had not imagined there could be such a place in Italy.

Another boy and myself took a truck load of provisions for the military police at Torino and as we only saw Americans at three points on the trip you can see we went as we pleased, with orders to come back as soon after five days as convenient.

We spent one night in Asti at the best hotel and put the truck in the garage for otherwise we would have had to guard and sleep in the car while a room is very cheap in places where they have not learned to rob us.

Asti is the home of the Asti wines and I think there is an Asti colony in California.

We spent about a day and night in Torino, seeing the sights and then another night we stayed with the postal express boys in Milano (Milan) and then came on through Brescia on the last day. We were out about six days from Mantoua.

Well, it's coming towards the end of a perfect day and I will have to close.

Love,
ROBERT.

LISTEN TO THIS

Do you want to get in on a high-class investment in an income business property in the heart of the Business District, where your investment will bring you 10 per cent. annually, besides getting the advantage of the increase in value of this boulevard frontage. This proposition is absolutely the best thing in town today, and will merit your investigation.

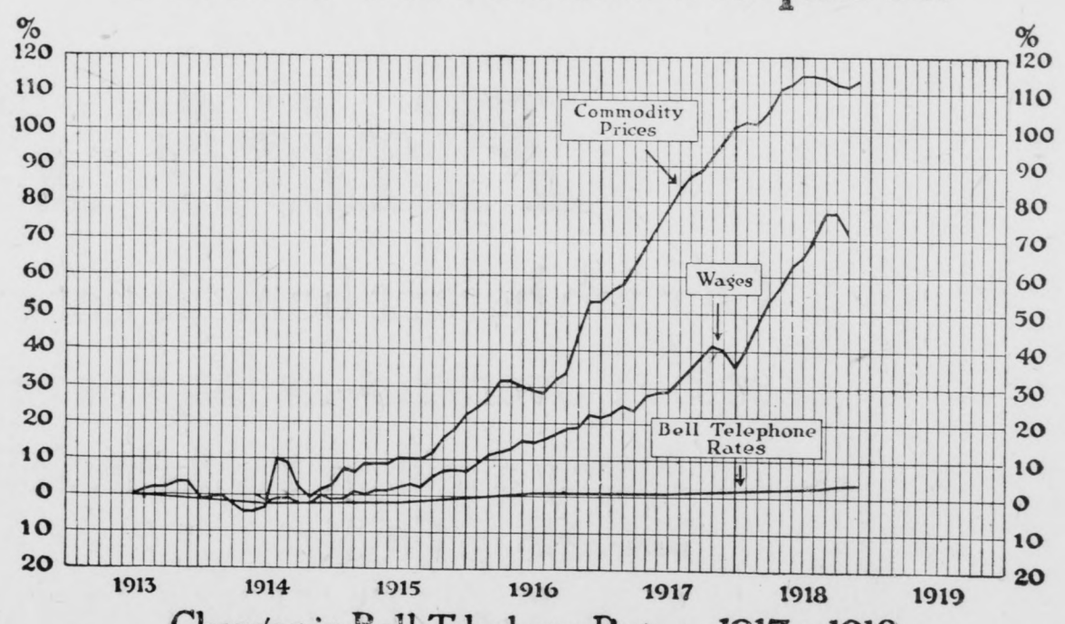
High Costs Affect Operation

Greater Revenues Required



Changes in Bell Telephone Rates – 1913 to 1918 Compared with Changes in Wages and Prices

SINCE 1913 there has been a steady increase in the price of all commodities and the products of industry, which has not been reflected in a corresponding increase in telephone rates. In order to meet the past and present high cost of telephone operation, a revenue in just proportion to the expense must be secured.

The reason is simple. The cost of telephone operation has steadily advanced both because of the increased cost of material and the increased living cost of employees. The consumer has realized the necessity of paying more for rent, for food, for clothing and for transportation. The telephone industry has been affected by the same conditions which have produced higher prices in all of the necessities of life.

Between 1913 and 1918, commodity prices advanced 112%, wages advanced 72% and **Bell Telephone rates the country over advanced only 4%.** Adequate rates are needed if the service is to be maintained efficiently and on a comprehensive scale, so as to meet the increasing demands of the public.

This company is operating its telephone property under the direction of the Postmaster General for the United States Government and must secure sufficient revenue to cover the cost of rendering the service.

Personals

Mrs. I. S. Smith of North Central avenue, who has been very ill, is much better.

Glendale is being represented among the fishermen which the opening of the trout season drew to Big Bear Lake by Dr. Lusby and Druggist Spohr.

Mr. and Mrs. C. A. Parker, who have been living at 220 West Chestnut street and who have purchased the Clendennin home at 212 North Orange street, moved yesterday to their new location.

The Shakespeare Section of the Tuesday Afternoon Club will meet next Monday afternoon at the home of Mrs. Lyon, 619 North Maryland. The fifth act of Hamlet will be the theme of the session.

From ads in the Evening News it will be noted that a milch goat giving two quarts of milk a day now sells for as much as an ordinary cow giving four gallons a day formerly sold for in the East.

Mrs. Warren Roberts of 539 East Elk avenue was able to ride to Los Angeles Wednesday, for the first time since her accident more than three months ago. She still has to be very careful for fear of over exertion.

Miss Ellen Hanson, head of the Domestic Science Department of Glendale High, has arranged to take her cooking class to the Glendale Market where Mr. Charles Ingledue will give practical demonstrations of the various cuts of meat.

The ball game at Intermediate today was between Angels and Cubs. Harold Thompson pitched for the Cubs, Vernon Paul for the Angels. It was a very one-sided game. Four innings were played and the score was 18 to 2 in favor of Angels. Messrs. Blanford and Borncamp umpired.

Albert G. Cornwell, the hardware merchant, has sold his home at 226 South Louise street to J. S. Sankey of this city, who will not take possession until next November. In the meantime Mr. Cornwell will build on North Central avenue near Lexington Drive.

A party of Glendale young women and congenial swains spent the weekend at Oakwilde, where dancing, music, games and outdoor fun gave them plenty of entertainment. The party included Misses Edna Burson, Jane Snyder, Ellen Cate, Louise Storer, Ruth Ryan and May Church, Messrs. Carroll Hill, Thomas Stinnette, Eugene Burns, Bill Laurie, Glen Ellsworth, Dewey Kruckaberg, Lloyd Wood and Al Wood.

Mrs. F. M. Pixley and daughter, Miss Olive, who have been spending several months at their cottage at Hermosa Beach have returned to Glendale and are again at their home on Lomita avenue. The last word received from Guy Pixley who is with the army in France indicated that he might be in line for embarkation and his mother and sister are hoping that he is on his way home now.

Harrison Frank of Eagle Rock Road left Thursday evening with a party of surveyors for the San Joaquin Valley, where he iwll spend several weeks. On the evening before his departure he was entertained by a number of his friends, most of them from Los Angeles, with a picnic at Eagle Rock Park. After the party had enjoyed the picnic, supper and a climb to the top of the rock, they were entertained by Frank Liddell, who told of his experiences in the Argonne battle.

HIGH SCHOOL PARENT-TEACHERS

The regular monthly meeting of the High School Parent-Teacher Association will be held Monday afternoon, May 5th, at 3:15 o'clock in the Cafeteria. The election of officers for the coming year will take place and will be followed by a discussion on "The Benefit That Might Be Derived from a P.-T. A. from a Mother's Stand-Point" and "The Benefit from the Teacher's Stand-Point." Discussion under the first division will be led by Mrs. Gardener, of Eagle Rock, the new member of the Board of Trustees of the High School District, and Principal George U. Moyse will present the teacher's viewpoint. A good attendance is greatly desired.

NOTICE OF TERMINATION OF PARTNERSHIP RELATION

Notice is hereby given that the undersigned, Morse M. Preeman, did on the 1st day of April, 1919, terminate all connection with the co-partnership known as Glendale Creamery Company located at 755 West Doran Street, Glendale, California.

MORSE M. PREEMAN.

205t1

GLENDALE COMMANDERY

Glendale Commandery, No. 53, Knights Templar, will hold a Stated Conclave May 5th at 7:30. There will be annual election of officers and business of importance. All members are urged to be present.

WANTED

We Want Property

to sell. If worth the money, we can move it. We have many buyers.

Preferably Glendale. Also small, close-in acreage.

Address:

A. W. STRONG,
GLENDALE. P. O. BOX 125

THEFT OF NEWSPAPERS

Notice has come to the office of the Evening News that copies of the Evening News are being picked up from the lawns of subscribers by non-subscribers. It has become necessary for watchers to be placed in parts of the city where these thefts are being made, and let it be plainly understood that no mercy will be shown the man, woman or child who steals a neighbor's paper.

BASKET SOCIAL

The Glendale Good Templar's Lodge will give a basket social in Odd Fellows' Hall this (Friday) evening at 8:15 o'clock, at which the following program will be given:

Address, A. Lindley; piano solo, Lena May Brice; vocal solo, Ralph Collins of Los Angeles; dance, "Highland Fling," Divina Woods; baritone solo, Mr. Miller; piano solo, Mrs. Jess of Pasadena; temperance reading by Miss Mary Brooks; vocal solo, Eva Thede; reading, Mrs. T. Meagher.

Following the program the baskets will be auctioned and a general social good time will be enjoyed.

HEALTH LECTURES POPULAR

Large audiences are attending the Health Lectures at the Methodist Church. All lectures will be held in the Methodist Church until Thursday when they will be transferred to the First Congregational. Subject Saturday, 2:30, "Blood Building Foods, Poor Circulation." Saturday, 7:45, "Foods and Exercise for Health, Constipation." The great social hall at the Methodist Church was crowded last night as it was turned into a gymnasium in which the entire audience took part in Health Culture Exercises. The exercises were taken with music and greatly enjoyed by all. Yesterday was the greatest day since the opening of the Chautauqua Health Lectures in the church. The practical and scientific character of the lectures is appealing to all classes and the interest has steadily grown from the first lecture. The problems of health are presented from the highest scientific standpoint and at the same time in such a practical way that a child may obtain a health education. This course of Health Lectures is for the well people as well as those who have lost their health. The problems of prevention of disease are more important than the problems of cure. The problems of the food supply which are being presented from day to day are vital in both health and disease for all classes.

Men Only

Mr. Elliott will give an address in the First Methodist Church Sunday at 3 p. m. to men only. Subject, "A Clean Life and How to Live It." He will speak Sunday night at 8 in the Methodist Church on "The Power of Mind Over Body and the Power of Auto-Suggestion." Kidney Disease and Auto-Intoxication will be discussed at the lecture tonight at 7:45. Mr. Elliott says: "The kidneys are the most delicate organs of the whole body and they have to handle the most deadly poison of the entire system, the uric acid. The kidneys are known as the deaf and dumb organs of the body because they suffer in silence and never give any warning of their diseased condition until the disease has securely fastened itself upon them. Many find out their diseased condition only when undergoing medical examination for some other purpose. Nature has but one law in the case of the kidneys, obedience or penalty. He who abuses the kidneys must pay the penalty with a diseased body and a shortened life. The death rate from kidney disease is more largely on the increase than that of any other disease of the body." All these problems will be discussed in the lecture. The most valuable lecture of the course will be given Monday night on "Cause and Cure of Colds, Catarrh and Tuberculosis." Admission free to all lectures.

THE TELEPHONE SITUATION

It is to be greatly regretted that the Telephone Company that has the privilege of doing business at the present time in Glendale has taken the course it has in raising the rental rates, and also in declaring that 10-cent toll be charged for Los Angeles calls. It is unfortunate for the Glendale community and for the Telephone Company that these additional charges have been made at this time and in the manner the order has been given.

Such an order means a bitter fight, a fight that will in the end give justice to the residents of an intelligent and law-abiding people.

The toll must be declared off. The people will not stand for it. It will be fortunate if the courts will decide that Burleson has not the power to approve of this unnecessary toll charge, and thus the rates will revert back to what they were before the order was given.

If the courts uphold Burleson as having power to fix telephone rates, and the order issued to go into effect May 1st remains valid, then it means the installation of a municipal telephone system for the Glendale community. The people must have their just rights protected, and such rights will be protected. No one is advocating a municipal telephone system so long as fair treatment is accorded subscribers, but when a corporation pursues a course of tyranny it is then time for the people to unite and take definite steps to protect themselves, and they will do it and do it immediately.

The Evening News has cut out all Los Angeles calls since May 1st. The United Press report is delivered to us by a messenger, and all other communications to Los Angeles are made without use of the phone. There is a principle involved in this telephone toll charge for which we must fight to the limit.

SUNLAND

Mr. Alfred Adams and sons, Elmer and Quinnel, and Mr. John Renshaw of Los Angeles spent from Wednesday to Saturday of this week fishing up the Big Tujunga.

The Ladies' Aid held their regular monthly business meeting at the home of Mrs. Geo. E. Huse.

The Griffith Film Company are through with the picture they have been taking here in Sunland and are taking down the buildings which they put up. Mr. Carr bought the lumber to use on his ranch.

Mr. Frank Okabo is supplying the local trade with fine strawberries. Frank has bought a new truck to be better able to handle his garden produce.

The Forest Ranger moved his goods in the Ranger Station on Summit Ave. this week.

Mrs. Dunlap and Mrs. Robinson from the east have rented the apartments of Mrs. Branstetter on Central Ave. and will stay in Sunland for the summer.

Mr. Martin, who has been occupying the cottage in the church yard, leaves this week for Los Angeles.

Mr. Ed Hunter and aunt from Los Angeles have moved into the cottage on Mrs. Edwards' place, recently vacated by Mrs. Schrank.

Mr. Blanchard of Los Angeles attended church at the First Baptist Church Sunday and made a very nice speech about the Union S. S. Convention to be held in Pasadena, urging a large attendance. Mr. S. D. Percey also made a fine talk about the Union S. S. Work.

The Baptist Young People's Convention is to be held at Santa Ana May 2d, 3d and 4th. The Rev. Earl Smith, "The Young People's Pastor," is chairman, and has arranged all sorts of good things for entertainment. Everybody welcome.

Mr. Allen Richardson, our accommodating stage owner, is trying in every way to make his runs convenient for the people. The nine o'clock run is given over to the sight-seeing people who can find no more beautiful place to spend the day than in the lovely Oak Park, with its accommodations of furnaces and tables for lunches and good, cool water from the fountain. One can spend a very pleasant day and return to Los Angeles on the evening stage. Mr. Richardson deserves the patronage of the traveling public, as he has made a great effort to keep his line up to the standard.

COMMUNITY SING

(Continued from Page One)

praised the singers for facial expression when singing, for tone coloring and tone quality. The part singing pleased him greatly, but he reproached for faulty enunciation and particularly cautioned against that fault at the contest. As proof of the interest which Southern California is taking in this chorus work, he stated that the Los Angeles Community Chorus is planning to visit Hollywood on the 13th to see what chorus work that suburb and Glendale are doing; also that Miss Stone, head of musical instruction in Los Angeles public schools, has asked all the teachers under her to attend the contest. He further reported that musicians and music publishers are soliciting the privilege of serving as judges. In that connection he said the Glendale chorus would name one judge, Hollywood one, and a third would be selected from Los Angeles.

Fine drill on the stirring "Soldiers' Chorus," from Faust, which will be a special number at the contest, and the singing of the "Star-Spangled Banner,' closed the evening.

Lieutenant Carter, who looks every inch the soldier, made the point that patriotism does not count for much until it reaches the point of sacrifice. He recalled the outbreak of the war on the 4th day of August, 1914, and described a little company of twenty-two engineers, then engaged in surveying in the very heart of the Rocky Mountains. He told how, when the pack trains brought them the news on the 16th, the chief of the party called his men together and asked how many of them were willing to go to Calgary and enlist, and sixteen responded; and how the seventeen went the next day to Calgary and donned uniforms, and of that seventeen fourteen now lie in Flanders fields, two are so badly crippled they will never walk again, and he, Lieutenant Carter, is the seventeenth.

He told with what brief training or opportunity for hardening the men were thrust into the front trenches, of the agony they endured from the forced marches in the heavy, ill-fitting army shoes and under heavy pack loads with shoulder straps cutting into their flesh so that when they reached the front the feet of 85 per cent of the battalion were soaked with blood. There they were under the open sky with no shelter from the enemy except a few earthworks. How for five days they were on the battle line with no opportunity to sleep or even lie down, and how, while every man, when placed on the front line for the first time, is nervous and excited, he never saw more than half a dozen men show signs of fear. He then told of Ypres. "A name," he said, "which will live in every Canadian and English heart forever, because there the Canadians and the British suffered things which, if anybody had told me a human being could live through, I would never have believed. For instance, our water came out of the moat which surrounded the city of Ypres, and day after day we could see sticking out of the mud legs, arms and various portions of the human body. I have myself remained in the trenches in mud up to my arm pits. Two or three time they wanted us to withdraw and retire to a line four or five miles back, and I was never prouder than when our general sent his reply: 'We will never retire. We will hold it or die.' (Applause.) History, of course, has told you that we held it, but at what a cost! When we landed in France our battalion was 1,132 strong. When I and my men were ordered to go back to the rest camp and a review of the battalion took place, I could not understand the presence of so many men who were new to me and when I finally asked how many of "The Pioneers" —the original Canadian battalion— were present, but 121 men answered to the call.

"Their sacrifice protected you, the French people and the Belgians. Talk about patriotism! If you want to know the real meaning of the word you should get acquainted with the Frenchmen. You can never do what the Allies have done for you until you are prepared to sacrifice. You in California remained at home in comfort, plenty and peace. You have not missed a mouthful of food. How many in California or even the whole United States have really sacrificed? Is it the attitude of the American people that now, because the fighting has apparently ceased, there is nothing more for you to do? You are your government. You have pledged your word that you will give a certain sum of money. Are you going to repudiate it?"

He then told of the response to an appeal he had made to the unfortunate patients in the aBrlow Sanitarium and the bonds they, out of their poverty, had agreed to take.

Prolonged and enthusiastic applause followed his talk and it was evident he had made a deep impression upon his audience.

RESOLUTION NO. 1075

A RESOLUTION OF THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE DECLARING ITS INTENTION TO CHANGE AND ESTABLISH THE GRADE ON PORTIONS OF VERDUGO ROAD AND LEXINGTON DRIVE (FORMERLY FIRST STREET).

The Board of Trustees of the City of Glendale do resolve as follows:

Section 1. That it is the intention of the Board of Trustees of the City of Glendale to change and establish the grade on Verdugo Road from a line drawn at right angles to and across Verdugo Road at a point on the East line of said Verdugo Road, Two Hundred Sixty (260.00) feet Northerly from the Northeast corner of Verdugo Road and Sycamore Canyon Road to a line drawn at right angles to and across Verdugo Road at the Northeast corner of California Street (formerly Second Street) and Verdugo Road in accordance with the following elevations:

At a point on the East line of Verdugo Road 260.00 feet Northerly from the Northeast corner of Sycamore Canyon Road the grade shall be 617.45, and 616.85 at a point on the West line opposite thereto.

At a point on the East line of Verdugo Road 220.00 feet Northerly from the Northeast corner of Sycamore Canyon Road the grade shall be 616.82, and 616.22 at a point on the West line opposite thereto.

At the intersection with Lexington Drive:

616.07 at the Northwest corner, and

615.88 at the Southwest corner.

At points where the Westerly prolongation of the North line of Sycamore Canyon Road is intersected by the East and West lines of Verdugo Road the grade shall be respectively, —616.25 and 615.55.

At points where a line drawn 80.00 feet Southerly from and parallel with the Northerly line of Sycamore Canyon Road is intersected by the East and West lines of Verdugo Road the grade shall be respectively—616.25 and 615.55.

At a point on the East line of Verdugo Road 170.00 feet Southerly from the Northeast corner of Sycamore Canyon Road the grade shall be 616.50, and 615.80 at a point on the West line opposite thereto.

At a point on the East line of Verdugo Road 50.00 feet Northerly from the Northeast corner of California Street the grade shall be 614.50, and 613.75 at a point on the West line opposite thereto.

At the Northeast corner of California Street the grade shall be 614.26, and 613.59 at a point on the West line opposite thereto.

That between these points the grade shall conform to straight lines joining those points on the same side of the Street excepting that the points of intersection of the grade lines on the East and West lines 220.00 feet Northerly from and 170.00 feet Southerly from the Northeast corner of Sycamore Canyon Road and 50.00 feet Northerly from the Northeast corner of California Street shall be the points of intersection of tangents of parabolic vertical curves which shall extend respectively 40.00 feet, 50.00 feet, and 50.00 feet Northerly and Southerly from said points of intersection and that said curves shall supplant the straight lines within said limits.

The grades given are in feet above the City Datum Plane, are established on the property lines of the street, and refer to the top of curb.

The profile of Verdugo Road designated and marked "Profile No. 736" on file in the office of the City Engineer of the City of Glendale, which more particularly exhibits the grade herein described is hereby referred to and made a part hereof.

Section 2. That it is the intention of the Board of Trustees of the City of Glendale to change and establish the grade on Lexington Drive from the West line of Verdugo Road to a line drawn at right angles to and across Lexington Drive at a point on the South line thereof 94.18 feet Westerly from the Southwest corner of Verdugo Road and Lexington Drive, in accordance with the following elevations:

At the intersection with Verdugo Road

616.07 at the Northwest corner, and

615.88 at the Southwest corner.

At a point on the North line of Lexington Drive 19.00 feet West from the Northwest corner of Verdugo Road the grade shall be 616.27.

At a point on the South line of Lexington Drive 25.00 feet West from the Southwest corner of Verdugo Road the grade shall be 616.08.

At a point on the South line of Lexington Drive 74.18 feet West from the Southwest corner of Verdugo Road the grade shall be 614.49, and 615.29 at a point on the North line opposite thereto.

At a point on the South line of Lexington Drive 94.18 feet West from the Southwest corner of Verdugo Road the grade shall be 614.53, and 615.33 at a point on the North line opposite thereto.

That between these points, the grade shall conform to straight lines joining those points on the same side of the street, excepting that the points of intersection of the grade lines on the North and South lines 19.00 feet West from the Northwest corner of Verdugo Road, 25.00 feet and 74.18 feet West from the Southwest corner of Verdugo Road shall be the points of intersection of tangents of parabolic vertical curves which shall extend respectively 19.00 feet, 25.00 feet and 20 feet East and West from said points of intersection and that said curves shall supplant the straight lines within said limits.

The grades given are in feet above the City Datum Plane, are established on the property lines of the street, and refer to the top of curb.

The profile of Lexington Drive designated and marked "Profile No. 737" on file in the office of the City Engineer of the City of Glendale, which more particularly exhibits the grade herein described is hereby referred to and made a part hereof.

Section 3. That the proceedings for the aforesaid change of grade shall be under the provisions of the Act of Legislature of the State of California, designated and known as the "Change of Grade Act of 1909," approved April 21, 1909.

Section 4. The Glendale Evening News, a daily newspaper of general circulation, published and circulated in said City of Glendale, is hereby designated as the newspaper in which this Resolution and notice of the passage thereof shall be published in the manner and by the persons required by law.

Section 5. The Superintendent of Streets of said City is hereby directed to post notices of the passage of this Resolution in the manner and in the form required by law, and to cause a similar notice to be published by six insertions in said newspaper in the manner required by law.

Section 6. The City Clerk of the City of Glendale, is hereby directed to post this Resolution conspicuously for two days on or near the chamber door of the Board of Trustees of the City of Glendale, and to cause the same to be published by two insertions in the manner required by law, in said newspaper.

Adopted and approved this 1st day of May, 1919.

(Seal) F. L. MUHLEMAN,
President of the Board of Trustees of the City of Glendale.

Attest:
J. C. SHERER,
City Clerk of the City of Glendale.

State of California, County of Los Angeles, City of Glendale—ss.

I, J. C. Sherer, City Clerk of the City of Glendale, hereby certify that the foregoing Resolution was adopted by the Board of Trustees of the City of Glendale, State of California, and signed by the President of said Board at a regular meeting thereof held on the 1st day of May, 1919, and that the same was passed by the following vote, to-wit:

Ayes—Henry, Jackson, Muhleman, Shaw, Woodberry.
Noes—None.
Absent—None.

J. C. SHERER,
City Clerk of the City of Glendale.
